Reviews

A fresh eBook with an all new standpoint. It is actually written in simple words and phrases instead of difficult to understand. You won't sense monotony at any moment of your own time (that's what catalogs are for relating to if you question me).

Book Condition: New. Publisher/Verlag: Springer Netherlands | Health, Poverty, and Place in Accra, Ghana | This book uses a wide range of GIScience methods, supplemented by field work, to analyze emerging socio-economic and demographic differentials in the city of Accra where stark contrasts between rich and poor are highlighted by their geographical proximity. | This book provides a fresh analysis of the demography, health and well-being of a major African city. It brings a range of disciplinary approaches to bear on the pressing topics of urban poverty, urban health inequalities and urban growth. The approach is primarily spatial and includes the integration of environmental information from satellites and other geospatial sources with social science and health survey data. The authors Ghanaians and outsiders, have worked to understand the urban dynamics in this burgeoning West African metropolis, with an emphasis on urban disparities in health and living standards. Few cities in the global South have been examined from so many different perspectives. Our analysis employs a wide range of GIScience methods, including analysis of remotely sensed imagery and spatial statistical analysis, applied to a wide range of data, including census, survey and health clinic data, all of which are supplemented by field work, including systematic social observation, focus groups, and key informant interviews. This book aims to explain and highlight the mix of methods, and the important findings that have been emerging from this research, with the goal of providing guidance and inspiration for others doing similar work in cities of other developing nations. | Contributors.- Acknowledgments.- Part I: Introduction: 1: Introduction to the Accra School: An Overview of Health, Poverty, and Place in Accra : John R. Weeks, Allan G. Hill, and Justin Stoler.- Part II: Accra's Urban Morphology and Neighborhood Structure.- 2: Defining Neighborhood Boundaries for Urban Health Research:...
