

A Most Ingenious Paradox: The Art of Gilbert and Sullivan

Filesize: 5.81 MB

Reviews

I just started off reading this article pdf. It really is simplistic but shocks in the fifty percent of your ebook. You will not truly feel monotony at at any time of the time (that's what catalogues are for about when you request me).

A MOST INGENIOUS PARADOX: THE ART OF GILBERT AND SULLIVAN

Oxford University Press Inc, United States, 2006. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Written more than a century ago and initially regarded even by their creators as nothing more than light entertainment, the fourteen operas of Gilbert Sullivan emerged over the course of the twentieth century as the world's most popular body of musical-theater works, ranking second only to Shakespeare in the history of English-language theater. Despite this resounding popularity and proven longevity, most books written about the duo have focused on the authors rather than the works. With this detailed examination of all fourteen operas, Gayden Wren fills the void. His bold thesis finds the key to the operas' longevity, not in the clever lyrics, witty dialogue, or catchy music, but in the central themes underlying the characters and stories themselves. Like Shakespeare's comedies, Wren shows, the operas of Gilbert Sullivan endure because of their timeless themes, which speak to audiences as powerfully now as they did the first time they were performed. Written out of an abiding love for the Savoy operas, this volume is essential reading for any devotee of these enchanting works, or indeed for anyone who loves musical theater.
