They've got strobe lights, laser effect, smoke machines and enough wattage to deafen even the most hardcore rockers. But strange things are starting to happen at Deathwish shows -- a shooting here, a stabbing there, and the occasional full-blown riot to make things interesting. Add to this mixture a sinister group of meta-villains whose tastes run more to museum robberies than to guitars and drums, and you've got a mystery on your hands! Deathwish is an adventure for three or more 500-point supers. The investigation spans coast-to-coast with stops in Los Angeles, Denver and several other cities across the U.S. Deathwish includes: Complete descriptions of the bands Deathwish and Sinister Drums (including a Deathwish Discography) . Detailed maps of concert sites, villain headquarters and other important areas. Several NPCs that can be used in an ongoing campaign. Adventure seeds that make this a perfect sourcebook for continuing adventure even after the initial investigation is over. An much, much more
