

The Mirror Trade

By Zok;Skoulding Skoulding

Seren Books, 2004. Taschenbuch. Book Condition: Neu. Neu Neuware, Importqualität, Schnellversand mit dpd - The title poem on this collection of poetry was written after a visit to Murano, home to the famous Venetian glassmaking industry. The alchemical processes of mirror making become a guiding metaphor for the poet's explorations. This theme of enticing reflections helps elucidate the subjects of the book, most notably in the series of poems imagining the life of her grandfather, who in his time in the British Royal Air Force lived in India, China, and Iraq. Most of the poems are inspired by the challenges of travel and the need to undermine one's own expectations. They challenge voices of authority and discover strange tales in strange lands. 72 pp. Englisch.

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It's been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my iPad and Dad suggested this ebook to discover.
